

# List of ms-settings URI commands to open specific settings in Windows 10

4 [4sysops.com/archives/list-of-ms-settings-uri-commands-to-open-specific-settings-in-windows-10](https://4sysops.com/archives/list-of-ms-settings-uri-commands-to-open-specific-settings-in-windows-10)

Paolo Maffezzoli Fri, Mar 27 2020 44

This wiki document lists ms-settings URI commands that you can use to open any settings page in Windows 10 Control Panel. You can use the command via the Run dialog. For example, to open **Printers & Scanners** panel you can just type this command:- ms-settings:Printers & scanners

## Contents

Paolo Maffezzoli

IT systems administrator server infrastructures (Windows, VMware)

## How to use the URI commands

Here some different examples for using ms-setting commands:

- Press Win+R to open the Run dialog and type the ms-settings command
- Press WIN+I keys or from Start menu and type the ms-settings command
- Open a command prompt or Powershell and type "Start ms-settings:*URI command*"
- In the Windows Explorer address bar, type the ms-settings command
- Create a Windows shortcut and in the create shortcut window type "ms-settings:*URI command*"

## Windows 10 URI commands

Page	Command (URI)
<b>Settings home page</b>	
Settings home page	ms-settings:
<b>System</b>	
Display	ms-settings:display
Night light settings	ms-settings:nightlight
Advanced scaling settings	ms-settings:display-advanced
Connect to a wireless display	ms-settings-connectabledevices:devicediscovery
Graphics settings	ms-settings:display-advancedgraphics
Display orientation	ms-settings:screenrotation

Sound	ms-settings:sound
Manage sound devices	ms-settings:sound-devices
App volume and device preferences	ms-settings:apps-volume
Notifications & actions	ms-settings:notifications
Focus assist	ms-settings:quiethours, OR ms-settings:quietmomentshome
During these hours	ms-settings:quietmomentsscheduled
Duplicating my display (When I'm duplicating my display)	ms-settings:quietmomentspresentation
Playing a game full screen (When I'm playing a game)	ms-settings:quietmomentsgame
Power & sleep	ms-settings:powersleep
Battery	ms-settings:batterysaver
See which apps are affecting your battery life	ms-settings:batterysaver-usagedetails
Battery Saver settings	ms-settings:batterysaver-settings
Storage	ms-settings:storagesense
Configure Storage Sense or run it now	ms-settings:storagepolicies
Change where new content is saved	ms-settings:savelocations
Tablet mode	ms-settings:tabletmode
Multitasking	ms-settings:multitasking
Projecting to this PC	ms-settings:project
Shared experiences	ms-settings:crossdevice
Clipboard	ms-settings:clipboard
Remote Desktop	ms-settings:remotedesktop
Device Encryption (where available)	ms-settings:deviceencryption
About	ms-settings:about
<b>Devices</b>	

Bluetooth & other devices	ms-settings:bluetooth, OR ms-settings:connecteddevices
Printers & scanners	ms-settings:printers
Mouse	ms-settings:mousetouchpad
Touchpad	ms-settings:devices-touchpad
Typing	ms-settings:typing
Hardware keyboard - Text suggestions	ms-settings:devicestyping-hwkbtextsuggestions
Wheel (where available)	ms-settings:wheel
Pen & Windows Ink	ms-settings:pen
AutoPlay	ms-settings:autoplay
USB	ms-settings:usb
<b>Phone</b>	
Phone	ms-settings:mobile-devices
Add a phone	ms-settings:mobile-devices-addphone
Your Phone (opens app)	ms-settings:mobile-devices-addphone-direct
<b>Network &amp; Internet</b>	
Network & Internet	ms-settings:network
Status	ms-settings:network-status
Show available networks	ms-availablenetworks:
Cellular & SIM	ms-settings:network-cellular
Wi-Fi	ms-settings:network-wifi
Show available networks	ms-availablenetworks:
Manage known networks	ms-settings:network-wifisettings
Wi-Fi Calling	ms-settings:network-wificalling
Ethernet	ms-settings:network-ethernet
Dial-up	ms-settings:network-dialup
DirectAccess (where available)	ms-settings:network-directaccess
VPN	ms-settings:network-vpn

Airplane mode	ms-settings:network-airplanemode, OR ms-settings:proximity
Mobile hotspot	ms-settings:network-mobilehotspot
NFC	ms-settings:nfctransactions
Data usage	ms-settings:datausage
Proxy	ms-settings:network-proxy
<b>Personalization</b>	
Personalization	ms-settings:personalization
Background	ms-settings:personalization-background
Colors	ms-settings:personalization-colors, OR ms-settings:colors
Lock screen	ms-settings:lockscreen
Themes	ms-settings:themes
Fonts (build 17083+)	ms-settings:fonts
Start	ms-settings:personalization-start
Choose which folders appear on Start	ms-settings:personalization-start-places
Taskbar	ms-settings:taskbar
<b>Apps</b>	
Apps & features	ms-settings:appsfeatures OR ms-settings:appsfeatures-app
Manage optional features	ms-settings:optionalfeatures
Default apps	ms-settings:defaultapps
Offline maps	ms-settings:maps
Download maps	ms-settings:maps-downloadmaps
Apps for websites	ms-settings:appsforwebsites
Video playback	ms-settings:videoplayback
Startup	ms-settings:startupapps
<b>Accounts</b>	
Your info	ms-settings:yourinfo

Email & accounts	ms-settings:emailandaccounts
Sign-in options	ms-settings:signinoptions
Windows Hello face setup	ms-settings:signinoptions-launchfaceenrollment
Windows Hello fingerprint setup	ms-settings:signinoptions-launchfingerprintenrollment
Security Key setup	ms-settings:signinoptions-launchsecuritykeyenrollment
Dynamic Lock	ms-settings:signinoptions-dynamiclock
Access work or school	ms-settings:workplace
Family & other people	ms-settings:otherusers
Set up a kiosk	ms-settings:assignedaccess
Sync your settings	ms-settings:sync
<b>Time &amp; language</b>	
Date & time	ms-settings:dateandtime
Region	ms-settings:regionformatting
Japan IME settings (where available)	ms-settings:regionlanguage-jpnime
Pinyin IME settings (where available)	ms-settings:regionlanguage-chsime-pinyin
Wubi IME settings (where available)	ms-settings:regionlanguage-chsime-wubi
Korea IME settings (where available)	ms-settings:regionlanguage-korime
Language	ms-settings:regionlanguage OR ms-settings:regionlanguage-languageoptions
Windows Display language	ms-settings:regionlanguage-setdisplaylanguage
Add Display language	ms-settings:regionlanguage-adddisplaylanguage
Keyboard (removed in build 17083+)	ms-settings:keyboard
Speech	ms-settings:speech
<b>Gaming</b>	
Game bar	ms-settings:gaming-gamebar

Captures	ms-settings:gaming-gamedvr
Broadcasting	ms-settings:gaming-broadcasting
Game Mode	ms-settings:gaming-gamemode
TruePlay (removed in version 1809+)	ms-settings:gaming-trueplay
Xbox Networking	ms-settings:gaming-xboxnetworking
<b>Extras</b>	
Extras (available only when Settings app extensions installed)	ms-settings:extras
<b>Ease of Access</b>	
Display	ms-settings:easeofaccess-display
Mouse Pointer	ms-settings:easeofaccess-cursorandpointersize
Text Cursor	ms-settings:easeofaccess-cursor
Magnifier	ms-settings:easeofaccess-magnifier
Color Filters	ms-settings:easeofaccess-colorfilter
Adaptive Color Filters Link	ms-settings:easeofaccess-colorfilter-adaptivecolorlink
Night Light Link	ms-settings:easeofaccess-colorfilter-bluelightlink
High Contrast	ms-settings:easeofaccess-highcontrast
Narrator	ms-settings:easeofaccess-narrator
Start Narrator after sign-in for me	ms-settings:easeofaccess-narrator-isautostartenabled
Audio	ms-settings:easeofaccess-audio
Closed captions	ms-settings:easeofaccess-closedcaptioning
Speech	ms-settings:easeofaccess-speechrecognition
Keyboard	ms-settings:easeofaccess-keyboard
Mouse	ms-settings:easeofaccess-mouse
Eye Control	ms-settings:easeofaccess-eyecontrol
Other options (removed in version 1809+)	ms-settings:easeofaccess-otheroptions

<b>Search (version 1903+)</b>	
Permissions & history	ms-settings:search-permissions
Searching Windows	ms-settings:cortana-windowssearch
More details	ms-settings:search-moredetails
<b>Cortana</b>	
Cortana	ms-settings:cortana
Talk to Cortana	ms-settings:cortana-talktocortana
Permissions	ms-settings:cortana-permissions
More details	ms-settings:cortana-moredetails
<b>Privacy</b>	
General	ms-settings:privacy
Speech	ms-settings:privacy-speech
Inking & typing personalization	ms-settings:privacy-speechtyping
Diagnostics & feedback	ms-settings:privacy-feedback
View Diagnostic Data	ms-settings:privacy-feedback-telemetryviewergroup
Activity history (build 17040+)	ms-settings:privacy-activityhistory
Location	ms-settings:privacy-location
Camera	ms-settings:privacy-webcam
Microphone	ms-settings:privacy-microphone
Voice activation	ms-settings:privacy-voiceactivation
Notifications	ms-settings:privacy-notifications
Account info	ms-settings:privacy-accountinfo
Contacts	ms-settings:privacy-contacts
Calendar	ms-settings:privacy-calendar
Phone calls (removed in version 1809+)	ms-settings:privacy-phonecalls
Call history	ms-settings:privacy-callhistory
Email	ms-settings:privacy-email

Eye tracker (requires eyetracker hardware)	ms-settings:privacy-eyetracker
Tasks	ms-settings:privacy-tasks
Messaging	ms-settings:privacy-messaging
Radios	ms-settings:privacy-radios
Other devices	ms-settings:privacy-customdevices
Background apps	ms-settings:privacy-backgroundapps
App diagnostics	ms-settings:privacy-appdiagnostics
Automatic file downloads	ms-settings:privacy-automaticfiledownloads
Documents	ms-settings:privacy-documents
Pictures	ms-settings:privacy-pictures
Videos	ms-settings:privacy-documents
File system	ms-settings:privacy-broadfilesystemaccess
<b>Update &amp; security</b>	
Windows Update	ms-settings:windowsupdate
Check for updates	ms-settings:windowsupdate-action
View update history	ms-settings:windowsupdate-history
Restart options	ms-settings:windowsupdate-restartoptions
Advanced options	ms-settings:windowsupdate-options
Change active hours	ms-settings:windowsupdate-activehours
Optional updates	ms-settings:windowsupdate-optionalupdates OR ms-settings:windowsupdate-seekerondemand
Delivery Optimization	ms-settings:delivery-optimization
Windows Security / Windows Defender	ms-settings:windowsdefender
Open Windows Security	windowsdefender:
Backup	ms-settings:backup
Troubleshoot	ms-settings:troubleshoot
Recovery	ms-settings:recovery
Activation	ms-settings:activation

Find My Device	ms-settings:findmydevice
For developers	ms-settings:developers
Windows Insider Program	ms-settings:windowsinsider, OR ms-settings:windowsinsider-optin
<b>Mixed reality</b>	
Mixed reality	ms-settings:holographic
Audio and speech	ms-settings:holographic-audio
Environment	ms-settings:privacy-holographic-environment
Headset display	ms-settings:holographic-headset
Uninstall	ms-settings:holographic-management
<b>Surface Hub</b>	
Accounts	ms-settings:surfacehub-accounts
Team Conferencing	ms-settings:surfacehub-calling
Team device management	ms-settings:surfacehub-devicemanagement
Session cleanup	ms-settings:surfacehub-sessioncleanup
Welcome screen	ms-settings:surfacehub-welcome

## Windows 10 RUN commands

Press Win+R to open the Run dialog and type the command followed by Enter

Open Documents Folder	documents
Open Videos folder	videos
Open Downloads Folder	downloads
Open Favorites Folder	favorites
Open Recent Folder	recent
Open Pictures Folder	pictures
Adding a new Device	devicepairingwizard
About Windows dialog	winver
Add Hardware Wizard	hdwwiz
Advanced User Accounts	netplwiz

Advanced User Accounts	azman.msc
Backup and Restore	sdclt
Bluetooth File Transfer	fsquirt
Calculator	calc
Certificates	certmgr.msc
Change Computer Performance Settings	systempropertiesperformance
Change Data Execution Prevention Settings	systempropertiesdataexecutionprevention
Change Data Execution Prevention Settings	printui
Character Map	charmap
ClearType Tuner	cttune
Color Management	colorcpl
Command Prompt	cmd
Component Services	comexp.msc
Component Services	dcomcnfg
Computer Management	compmgmt.msc
Computer Management	compmgmtlauncher
Connect to a Projector	displayswitch
Control Panel	control
Create A Shared Folder Wizard	shrpwb
Create a System Repair Disc	recdisc
Data Execution Prevention	systempropertiesdataexecutionprevention
Date and Time	timedate.cpl
Default Location	locationnotifications
Device Manager	devmgmt.msc
Device Manager	hdwwiz.cpl
Device Pairing Wizard	devicepairingwizard
Diagnostics Troubleshooting Wizard	msdt

Digitizer Calibration Tool	tabcal
DirectX Diagnostic Tool	dxdiag
Disk Cleanup	cleanmgr
Disk Defragmenter	dfrgui
Disk Management	diskmgmt.msc
Display	dpiscaling
Display Color Calibration	dccw
Display Switch	displayswitch
DPAPI Key Migration Wizard	dpapimig
Driver Verifier Manager	verifier
Ease of Access Center	utilman
EFS Wizard	rekeywiz
Event Viewer	eventvwr.msc
Fax Cover Page Editor	fxscover
File Signature Verification	sigverif
Font Viewer	fontview
Game Controllers	joy.cpl
IEExpress Wizard	iexpress
Internet Explorer	iexplore
Internet Options	inetcpl.cpl
iSCSI Initiator Configuration Tool	iscsicpl
Language Pack Installer	lpksetup
Local Group Policy Editor	gpedit.msc
Local Security Policy	secpol.msc
Local Users and Groups	lusrmgr.msc
Location Activity	locationnotifications
Magnifier	magnify
Malicious Software Removal Tool	mrt

Manage Your File Encryption Certificates	rekeywiz
Microsoft Management Console	mmc
Microsoft Support Diagnostic Tool	msdt
Mouse	main.cpl
NAP Client Configuration	napclcfg.msc
Narrator	narrator
Network Connections	ncpa.cpl
New Scan Wizard	wiaacmgr
